## From this ...

The Upgrade Kit not only allows for older units to become new again but it will also allow for **additional treatment options** with the following future modalities:

- MLC for Conformal RT (replacement of shielding blocks) (only for 100cm SAD units)
- MLC for "Sliding Window" IMRT (only for 100cm SAD units)

Furthermore, its **Avanza<sup>™</sup> Patient Positioning Table** is fully integrated with the Theratron<sup>®</sup> Equinox<sup>™</sup>, providing accurate and reproducible patient positioning, along with efficient and comfortable patient set-up.
